

# Forming an extra hands Group

When 5 or more extra hands volunteers want to work together on a particular project or piece of land then they can form into an extra hands group.

## How to form an extra hands Group

1. 5 individuals can get together to form a group. Each person must be an individual subscriber of the extra hands program
2. Select a group organiser and notify the extra hand office of the formation of the extra hands group, by sending in the extra hands group form.
3. Notify by event call outs and receive authorisation from the extra hands office for all group activities.
4. Follow all requirements of the extra hands program available from the extra hands website.

The advantages of forming an extra hands Group are that the group:

- **is** covered by the extra hands volunteer accident and public liability insurance policy.
- **does** determine for itself goals and work plan in consultation with land owners and managers;\*\*
- **can** apply for external grants **eg Envirofund;**
- **has** access to additional volunteers from the extra hands register;
