

# How do we insure our Volunteers?

To be covered by extra hands insurance a volunteer;

- **must** have submitted an extra hands volunteer or host registration form (or extra hands renewal form)
- **must** hold a current ID card/number
- **must** be working **only** on authorised extra hands events
- **must** follow all rules and procedures outlined in the extra hands procedures manual

Extra hands carries insurance cover for its volunteers who are undertaking extra hands authorised projects.

This insurance is paid for by Tasmanian Landcare Association Inc from extra hands annual subscription fees.

The insurance does not cover people undertaking volunteer work for other organisations, such as landcare / coastcare groups etc. In the case of volunteers engaged through individual landcare groups for non extra hands approved activities, those organisations carry the burden of insurance.

The insurance cover does not extend to extra hands supporters undertaking volunteer work **without authorisation** from extra hands.

The insurance **does not** extend to projects, events or working bees that have not formally been authorized by extra hands.
